

# OEC MONITOR UPGRADE

Extend the life of OEC 9600 workstations  
with a High Definition LED Display

Simple installation in an hour or less

**Guaranteed to  
meet or exceed  
original factory  
specifications!**

This new monitor replacement is an exceptional alternative to the soon-to-be-unavailable CRT monitors on GE OEC workstations.

The high definition LED flat screen provides all the resolution and functionality you expect at an affordable price.

"This monitor package is the lowest price turn-key solution on the market today."

## Installation is easy

## The monitor upgrade package includes:

- Touchscreen high resolution LED display
- New monitor bezel
- Mounting plates
- Step-by-step installation instructions

Approved for all medical safety standards  
FDA registered
