

OEC MONITOR UPGRADE

Extend the life of OEC 9800 workstations with a High Definition
LED Touchscreen Display

Simple installation in an hour or less

**Guaranteed to
meet or exceed
original factory
specifications!**

This new monitor
replacement is an
exceptional alternative to
the soon-to-be-unavailable
CRT monitors on GE OEC
workstations.

The high definition LED
flat screen provides
all the resolution and
functionality you expect
at an affordable price.

"This monitor package is
the lowest price turn-key
solution on the market
today."

Installation is easy

The monitor upgrade package includes:

- Touchscreen high resolution LED display
- New monitor bezel
- Mounting plates
- Step-by-step installation instructions

**Approved for all medical safety standards
FDA registered**
